RE: Notification pursuant to §166.215(5), Stats.
HAZARDOUS MATERIALS REGIONAL RESPONSE TEAM CONTRACT -
EXTENSION OF CONTRACTUAL AGREEMENT

Notification and Request:

The Department of Military Affairs, Division of Emergency Management hereby notifies the Committee of its intent to extend, for fiscal year 2001/02, the existing contractual agreement for hazardous materials regional response team services with the City of Milwaukee. The anticipated contractual provision of this one-year extension involves state fiscal commitments in excess of amounts currently appropriated under §20.465(3)(dd), Stats. The proposed contract, with all relevant exhibits, is attached hereto for your reference.

Background:

1991 Wisconsin Act 104 created the requirement for the establishment of hazardous materials regional response teams to assist in emergency response to level A releases throughout the State of Wisconsin. The State Emergency Response Board (SERB) was mandated by statute to contract with fire departments strategically located throughout the state to provide this coverage. The SERB established contracts with eight regional response teams (Superior, Appleton/Brown County, Madison, Milwaukee, Racine, Wausau, Eau Claire/Chippewa Falls and Oshkosh/Manitowoc/Sheboygan). Effective July 1, 1998, all duties of the SERB, including contractual obligations, were statutorily transferred to the Wisconsin Division of Emergency Management (Division).

The initial contracts with the eight regional response teams had staggered terms due to the varying dates when each contract was signed. In July 1998, the Committee extended the two contracts for the regional response teams located in Superior and Wausau until June 30, 1999. In July 1999, the Committee extended the contracts for the teams of Appleton/Brown County, Milwaukee, Oshkosh/Manitowoc/Sheboygan, Superior and

Wausau until June 30, 2000 so that all eight regional response team contracts would expire at the same time.

In June 2000, the Committee approved, for fiscal years 2000/01 and 2001/02, new contractual agreements for the City of La Crosse and the consolidated team of Appleton/Oshkosh as well as extended the contracts for the Cities of Eau Claire/Chippewa Falls, Madison, Racine, Superior and Wausau. Due to reductions in its negotiated budget, the City of Milwaukee opted to enter into a one-year contract for fiscal year 2000/01. Accordingly, this notice and request is to extend the contract with the City of Milwaukee for fiscal year 2001/02.

Currently, the Legislative Audit Bureau (LAB) is in the process of auditing the regional response team system and its audit report is anticipated in the next several months. Based upon LAB's findings and recommendations, the Division will enter into negotiations with the regional response teams for longer term contracts to commence fiscal year 2002/03.

Due to the terms and payment obligations contained in the existing contracts, there is not sufficient money in the GPR appropriation to cover ongoing team outreach costs necessary to extend the contract with the City of Milwaukee. In particular, the City of Milwaukee has requested an additional \$9,500 over the fiscal year 2000/01 contractual amount of \$270,350 to cover the purchase of a LCD video projector and an associated laptop computer to aid in its terrorism outreach efforts. Thus, this request is for moneys in excess of the appropriation for fiscal year 2001/02.

1997 Wisconsin Act 27, as codified in §166.215(5) Stats., mandates that the Division shall notify the Joint Committee on Finance, in writing, prior to entering into a new contractual agreement or extending a contractual agreement. Accordingly, the Division is requesting the approval of one contractual extension so that all eight regional response team contracts will expire at the same time.

Request for Additional Funding:

With Committee approval of the extended contract for the City of Milwaukee, the total commitment of funds out of GPR would be as follows:

<u>Team</u>	<u>Negotiated Annual Payments</u> <u>2001/02</u>
Appleton/Oshkosh	169,700
Eau Claire/Chippewa Falls	164,800
La Crosse	202,600
Madison	194,400
Milwaukee	279,850
Racine	119,500
Superior	149,448
Wausau	129,202
Total:	\$1,409,500
Less funding available:	\$1,400,000
Additional funding requested:	\$9,500

Funding appropriation for the additional funds requested:

Given the current state budget constraints, the Department would not be requesting additional funds if there was not a proposed funding source available. As of June 1, 2001, there are sufficient unencumbered funds available in the emergency response equipment appropriation created under §20.465(3)(dp) to cover this request. It should be noted that in past years the Committee has approved the transfer of funds in this appropriation to cover negotiated contractual obligations for the regional response team contracts.

Accordingly, the Department requests that the Committee approve the transfer of \$9,500 GPR from the 2000/01 funding appropriated in the Division of Emergency Management's appropriation under §20.465(3)(dp) to the 2001/02 funding in the Division's appropriation under §20.465(3)(dd).

Relationship to Statutory Criteria:

This notification fulfills the requirement of 1997 Wisconsin Act 27, as codified in §166.215(5) Stats., which mandates that the Division shall notify the Joint Committee in Finance, in writing, prior to extending a contractual agreement.

3.0 Statement of Work

- 3.1 **Services to be provided by Contractor:** During the term of this Agreement, the Contractor agrees to provide regional hazardous response team services within the boundaries of Contractor's assigned Primary Response Area as described in Exhibit D, attached hereto and incorporated by reference herein.

Contractor's response activities under this Agreement shall be limited to emergency operations, reporting and documentation of activities arising from hazardous materials releases/incidents, which threaten life, property and/or the environment. Contractor shall not provide under this Agreement any services with respect to the sampling, testing, analysis, treatment, removal, remediation, recovery, packaging, monitoring, transportation, movement of hazardous materials, cleanup, storage and disposal of hazardous materials except as these may be reasonably necessary and incidental to preventing a release or threat of release of a hazardous material or in stabilizing the emergency response incident, as determined by the Contractor.

Contractor shall establish safety perimeters at or near sites and vessels. Contractor shall not be required to locate underground utilities, insure appropriate traffic control services, conduct hydrological investigations and analysis, or provide testing, removal and disposal of underground storage tanks at or near the emergency response incident to which the Contractor is dispatched.

The Division and Contractor make no representations to third parties with regard to the ultimate outcome of the hazardous materials services to be provided, but Contractor shall respond to the best of its abilities, subject to the terms of this Agreement.

- 3.2 **Performance Conditions:** Contractor acknowledges that prior to undertaking any emergency response activity under this Agreement, Contractor shall receive written approval from the Division to proceed with response activities. Division approval shall be conditioned upon the Contractor demonstrating to the Division that its employees, equipment, and vehicles meet or exceed applicable regulatory requirements.
- 3.3 **Personnel:** Contractor shall provide an adequate number of trained, medically monitored, competent, and supervised personnel as established by Contractor and as is reasonably necessary to operate within the safety levels of a regional hazardous materials response team.
- 3.4 **Vehicles and Equipment:** Contractor shall limit its activities to that which can be safely accomplished within the technical limitations of the available vehicles and equipment. Contractor may use Level A equipment and vehicles for Contractor's local use, however, Contractor agrees that in the event of multiple responses, said equipment which is already not committed to a prior response shall be used on a priority basis to respond to a Level A release.
- 3.5 **Vehicle and Equipment Use Limitations:** This Agreement in no way limits the Contractor from responding with Level A vehicles, equipment and supplies under local authority, mutual-aid Agreements, or other contracts under local authority.
- 3.6 **Response Procedures and Limitations:** Contractor recognizes that its obligations under this Agreement are paramount to the State of Wisconsin. Contractor agrees that if local fire response obligations in Contractor's own jurisdiction create limits or unavailable resources within the Primary Response Area, Contractor will seek aid from local jurisdictions to assist in local fire response obligations in Contractor's own jurisdiction.
- Contractor's obligation to provide services hereunder shall arise, with respect to specific response actions, upon receipt of an emergency response request pursuant to Standard Operating Guidelines provided in Subsection 3.8 herein.
- 3.7 **Right of Refusal:** If, on occasion, a response under this Agreement would temporarily place a verifiable undue burden on the Contractor because Contractor's resources are

otherwise inadequate or unavailable and mutual aid is unavailable for a level A response within Contractor's Primary Response Area, then if notice has been provided to the Division, the Contractor may decline a request for regional emergency hazardous material response.

- 3.8 **Standard Operating Guidelines:** Contractor and Division agree that regional response team operations will be conducted in accordance with Standard Operating Guidelines and "Call Out Procedure" that will be mutually approved by the parties to this Agreement.

4.0 Contractor Subsidy and Reimbursement

There are two types of Contractor costs under this Agreement: (1) Standby Costs, and (2) Team Response Costs. Each of these is discussed more fully below.

- 4.1 **Standby Costs:** As provided under §166.215(1) of the Wisconsin Statutes, Contractor will be subsidized annually, commencing fiscal year 2000/01, under this Agreement for its approved standby costs as described in "Exhibit E", attached hereto and incorporated by reference herein. Said payments to regional emergency response teams for standby costs shall be made from the appropriation account under §20.465(3)(dd) of the Wisconsin Statutes. Such standby costs include, but are not limited to:

(1) Specialized Training Expenses: The Division shall, subject to available funding, provide advanced training and education to Contractor's employees. Requests for such training must be approved by the Division in advance.

All such other training must comply with the governmental regulations associated with assigned duties under this Agreement. Such costs may include training, personnel costs, and per diem/travel expenses in accordance with the State rates. Where the Contractor demonstrates that its employees already meet or exceed Division-approved standards, then the allocated training funds shall be authorized for transfer within the Contractor's account.

(2) Medical Surveillance: Contractor shall provide Baseline, Maintenance and Exit Physicals for each regional hazardous material response team member.

(3) Response Vehicle(s) and Equipment Purchases: Standby costs provide for necessary equipment and supply purchases of Level A vehicle(s), supplies and equipment by Contractor. Where Contractor has obtained the required equipment contained on the Division-approved minimum required equipment list, allocated funds may be authorized for transfer within the Contractor's account. Title to any equipment purchased or fabricated pursuant to this Agreement shall be vested in Contractor. Such title shall be vested in the Contractor upon acquisition of the equipment or as soon as feasible thereafter.

The Division and Contractor acknowledge and agree that a primary project goal

of the regional hazardous materials response team is to standardize Level A vehicles and equipment on a statewide basis.

- 4.2 **Standby Cost Expenditures:** It is the intent of the Division that funds allocated under Subsection 4.1 of this Agreement shall supplement existing, budgeted moneys of the Contractor to provide the services specified herein and may not be used to replace, decrease or release for alternative purposes the existing, budgeted moneys of or provided to the Contractor.

Further, the Division intends that funds allocated under Subsection 4.1 of this Agreement shall not be used by the local government agency to supplement, offset, replace, decrease or release any budgetary obligations for other municipal departments not directly connected or attached to Contractor.

- 4.3 **Team Response Costs and Reimbursement:** Pursuant to §166.215(2) of the Wisconsin Statutes, Contractor shall be reimbursed for reasonable and necessary team response costs incurred in responding to a Level A release under this Agreement. Such team response costs may include, but are not limited to:

(1) Reimbursement for use of Vehicle(s) and Apparatus: Contractor shall be reimbursed for the approved use of its vehicles and equipment at the rates provided in "Exhibit B" to this Agreement.

(2) Personnel Expenses: Contractor's team response personnel expenses which are approved and authorized under this Agreement are reimbursable at the rates described in "Exhibit B". Team response personnel expenses shall be billed to the nearest one-fourth (1/4) hour work period. Personnel expenses may reflect replacement personnel costs and indirect charges/costs for wage, fringe, death and duty disability retirement benefits.

(3) Emergency Expenses: Contractor's necessary and reasonable emergency expenses related to services rendered under this Agreement are reimbursable. All such expenses must be based on actual expenditures and fully documented by the Contractor. The Division reserves the right to deny any reimbursement of unjustifiable Contractor expenditures.

Pursuant to §166.215(2) Wis. Stats., Contractor shall be reimbursed by the Division for its necessary and reasonable emergency response costs and expenses related to services rendered under this Agreement.

Such reimbursable team response costs shall be limited to amounts collected by the Division pursuant to §166.215(3), Wis. Stats. and, under certain conditions, pursuant to the amounts appropriated under §20.465(3)(dr), Stats. Contractor shall be reimbursed by the Division in accordance with Subsections 4.4 and 4.6 herein.

- 4.4 **Direct Collection of Team Response Costs by Contractor:** In addition to Division reimbursement addressed in Subsections 4.2 herein, Contractor may elect to collect team response costs directly from the Responsible Party(s) and/or seek reimbursement for local agency response pursuant to §166.22 of the Wisconsin Statutes.
- 4.5 **Where No Responsible Party Can Be Identified or the Responsible Party is Unable to Pay Team Response Costs:** As previously mentioned in Subsection 4.2 and upon the election of Contractor, the Division shall bill the party(s) responsible for causing the hazardous materials emergency for total emergency response costs. Where there is no identifiable Responsible Party, or if the Responsible Party is unable to pay, the Division agrees to reimburse Contractor's Team response costs from the emergency response supplement created under §20.465(3)(dr), Stats., only if the regional emergency response team has made a good faith effort to identify the person responsible under §166.215(3), Stats., and that person cannot be identified, or, if that person is identified, the team has received reimbursement from that person to the extent that the person is financially able or has determined that the person does not have adequate money or other resources to reimburse the regional emergency response team. To seek Division reimbursement from the emergency response supplement created under §20.465(3)(dr), Stats., Contractor must comply with all Division-approved reimbursement procedures and/or duly enacted Administrative Rule(s) as well as the billing system requirements provided under Subsection 4.6 herein.
- 4.6 **Maximum Contract Subsidy:** This Agreement shall have a maximum contract subsidy of \$279,850.00 per annum for stand-by costs as described in "Exhibit E" to this Agreement. The Division certifies that sufficient funds are available and authorized within the Division's current appropriation or limitation. The maximum contract subsidy does not, however, include Contractor's team response costs as specified in Subsection 4.3 of this Agreement.

No additional Contractor subsidy or reimbursement shall be paid or any additional demands placed on Contractor under this Agreement unless otherwise specifically agreed to by the Division and the Contractor, and upon written amendment to this Agreement. The Division's reimbursement(s) shall be full payment for work performed or services rendered and for all labor, materials, supplies, equipment, and incidentals necessary to complete the work authorized under this Agreement. Acceptance of payment by the Contractor shall operate as a release of the Division of all claims by Contractor for reimbursement of team response costs except where partial payment has been made due to limitations of the Division funds under §166.215(2), the amounts appropriated under §20.465(3)(dr) and subject to further payment as set forth above.

- 4.7 **Billing System for Division Reimbursement of Team Response Costs:** Contractor will provide an estimate of team response costs to the Division within ten (10) working days of the response. If the Contractor seeks Division reimbursement under §166.215(2), or from the emergency response supplement created under §20.465(3)(dr), Wis. Stats., Contractor shall file a Notice of Intent with the Division for response costs within thirty

(30) days of the response. The Division will not bill responsible parties or reimburse Contractor from the emergency response supplement created under §20.465(3)(dr), Stats., unless it receives an invoice from the Contractor. Contractor's claim for reimbursement shall contain such documentation as is necessary to support the Division's cost-recovery operations and financial audits. The Division agrees to bill responsible parties for team response costs and may bill for the total emergency response costs. Team response costs include such items as vehicle and equipment use, expendables and personnel costs. In addition, team administrative costs may be billed as part of the emergency costs.

The Division shall bill identified Responsible Party(s) within thirty (30) days of receipt of Contractor's invoice. Contractor's team response costs shall be collected by the Division from the Responsible Party(s) before payment is made to the Contractor. Thereafter, if the Division successfully recovers payment from the Responsible Party(s) it shall first be used to pay the Contractor's team response costs, if these have not been paid in their entirety, then applied to the Division's administrative costs. Any remaining funds will be used to pay emergency response costs as billed. Contractor agrees to cooperate with the Division as is reasonable and necessary in order to allow the Division to bill third parties and pursue cost recovery actions.

If a disputed billing is resolved in favor of the responsible party(s), then the Contractor shall not be required to reimburse the Division for payments previously made.

Where there is no identifiable Responsible Party, or if the Responsible party is unable to pay, the Division agrees to reimburse the Contractor's team response costs from the emergency response supplement created under §20.465(3)(dr), Stats., within thirty (30) days of receipt of Contractor's invoice and complete documentation. Contractor's claim for reimbursement from the emergency response supplement created under §20.465(3)(dr), Stats., shall contain such documentation as is necessary to support the Contractor's good faith effort to identify the Responsible party or to collect response costs from a Responsible Party(s) that is unable to pay. Further, Contractor shall comply with all Division-approved reimbursement procedures and/or duly enacted Administrative Rule(s).

4.8 **Approval:** Contractor, when acting under this Agreement, may not respond without following the Division-approved "Call Out Procedure". Granting of response approval by the Division of Emergency Management's Duty Officer constitutes the Division's agreement to pay Contractor's team response costs under §166.215(2), Wis. Stats. Contractor agrees to make reasonable and good faith efforts to minimize Responsible Party and/or Division expenses.

4.9 **Retirement System Status and Tax Payments:** Contractor and its employees are not entitled under this Agreement to Division contribution for any Public Employees Retirement Withholding System benefit(s). Contractor shall be responsible for payment/withholding of any applicable federal, Social Security and State taxes.

- 4.10 **Worker's Compensation:** A member of a regional hazardous materials response team who is acting under the scope of this Agreement is an employee of the State for purposes of Worker's Compensation under §166.215(4) of the Wisconsin Statutes.
- 4.11 **Payment of Contractor's Obligations:** Contractor agrees to make payment promptly, as just, due and payable to all persons furnishing services, equipment or supplies to Contractor. If Contractor fails, neglects or refuses to pay any such claims as they become due and for which the Division may be held liable, the proper officer(s) representing the Division, after ascertaining that the claims are just, due and payable, may, but shall not be required to, pay the claim and charge the amount of the payment against funds due Contractor under this Agreement. The payment of claims in this manner shall not relieve Contractor of any duty with respect to any unpaid claims.
- 4.12 **Dual Payment:** Contractor shall not be compensated for work performed under this Agreement by any state agency or person(s) responsible for causing a hazardous materials emergency except as approved and authorized under this Agreement.

5.0 Liability and Indemnity

- 5.1 **Scope:** During operations authorized by this Agreement, Contractor and members of regional hazardous materials response teams shall be agents of the State and protected and defended against tort liability under §166.03(8)(e), Wis. Stats. For purposes of §895.46(1), Stats., members of the hazardous materials response team shall during authorized operations be considered agents of the State and the State will indemnify Contractor as required under §895.46(1), Stats. For purposes of this section, operations means activities, including travel, directly related to a particular emergency response involving a hazardous material response/incident by a regional hazardous materials emergency response team. Operations also include advanced training activities provided under this contract to the members of a hazardous materials response team, but does not include travel to and from the training.
- 5.2 **Civil liability exemption; regional and county emergency response team:** Under §895.483 Wis. Stats., 1) a regional emergency response team, a member of such a team, and a local agency, as defined in §166.22(1)(c), that contracts with the Division for the provision of a regional response team, are immune from civil liability for acts or omissions related to carrying out responsibilities under a contract under §166.215(1); 2) a county emergency response team, a member of such a team, and the county, city, village or town that contracts to provide the emergency response team to the county, are immune from civil liability for acts or omissions related to carrying out responsibilities pursuant to a designation under §166.21(2m)(e); and, 3) a local emergency planning committee created under §59.07(146)(a)1, Stats., that receives a grant under §166.21 is immune from civil liability for acts and omissions related to carrying out its responsibilities under §166.21.

5.3 **Statutory Civil Immunity:** §895.48(2) of the Wisconsin Statutes provides that a person is immune from civil liability for good faith acts or omissions related to assistance or advice which the person provides relating to an emergency or a potential emergency regarding either of the following:

(1) Mitigating or attempting to mitigate the effects of an actual or threatened discharge of a hazardous substance.

(2) Preventing or cleaning up or attempting to prevent or clean up an actual or threatened discharge of a hazardous substance.

(3) Any hazardous substance predictor or any person who provides the technology to enable hazardous substance predictions to be made is immune from civil liability for his or her good faith acts or omissions in making that prediction or providing that technology.

The good faith of any hazardous substance predictor or any person who provides the technology to make a prediction is presumed in any civil action. Any person who asserts that the acts or omissions under subdivision three (3) above were not made in good faith has the burden of proving that assertion by clear and convincing evidence.

Under §895.48(2)(c)(3) of the Wisconsin Statutes, statutory civil immunity **does not** extend to acts or omissions, which constitute gross negligence, or involves reckless, wanton or intentional misconduct. This is not intended to modify any right or duty under §895.48, Stats.

Additional terms, definitions and exceptions to this statute are explained in §895.48 of the Wisconsin Statutes.

1.0 General Specifications

1.1 Introduction and Background

The State Emergency Response Board (SERB) was created by 1987 Wisconsin Act 342 and is responsible for administering the provisions of Title III of the 1986 federal Superfund Amendment and Reauthorization Act and WisAct 342, both pertaining to hazardous chemical substances.

Under 1991 Wisconsin Act 104, the SERB was given the additional responsibility to contract with no fewer than 7 and no more than 11 regional response teams, each of which will assist in the emergency response to Level A releases in a region designated by the board.

The Department of Military Affairs, Division of Emergency Government's charge is to prepare the state and its subdivisions to cope with emergencies resulting from enemy action and natural or man-made disasters. Placed within the division's Bureau of Technological Hazards are the staff resources which carry out the policy directives issued by the SERB and state law. Resources are also drawn from other state agencies as needed.

The Legislature has recognized the increasing risks presented by hazardous materials used in facilities throughout Wisconsin and transported on our state's roads. It also recognized that the sophistication needed to respond to the spill or release of some of these hazardous materials exceeds the capability and/or fiscal resources of most communities in the state. The need for a contract to deliver regional hazmat response services has been outlined in this Request for Proposal.

1.2 Procuring and Contracting Agency

This Request for Proposal (RFP) is issued by the Wisconsin State Emergency Response Board. The SERB is the sole point of contact for the State of Wisconsin during the selection process. The person responsible for managing the procurement is Diane Sachse, Purchasing Agent.

Any contract resulting from this RFP will be administered by the SERB and the Department of Military Affairs, Division of Emergency Government. The contract administrator will be the SERB Chair or his/her designee.

1.3 Definitions

The following definitions are used throughout the RFP:

SERB means the State Emergency Response Board.

Department means the Department of Military Affairs.

Division means the Division of Emergency Government.

Regional Team means one of the 7 to 11 fire departments chosen by SERB to provide regional Level A HazMat response that meets the standards under 29 CFR 1910.120(q)(6)(iv) and NFPA 471 and 472. Under Chapter 166.215(1), the SERB may only contract with public organizations that meet the above listed standards.

Proposer means a fire department submitting a proposal in response to this RFP.

Emergency means a situation which presents an imminent risk to public health, safety or the environment.

Level A Release means a release that meets the specifications under Section 9, Chapter 166.20(ge), Wisconsin Statutes.

1.4 Clarification of the Specifications and Requirements

A pre-proposal conference will be held Monday, October 19, 1992 @ 2:00 p.m., Division of Emergency Government, Hill Farms State Office Building, 4802 Sheboygan Avenue, Madison, WI, Room 99A, to answer questions about the proposal. If additional information is necessary to assist the proposer in interpreting these specifications, written questions will be accepted until Friday, October 30, 1992, by:

Jayne Meyer, Acting Hazmat Coordinator
Division of Emergency Government
P.O. Box 7865
Madison, WI 53707
(608) 266-5531

Any clarifications made as a result of this conference or questions that have been submitted in writing will be provided in writing to all proposers within five (5) days of the above date.

1.5 Contract Term

Any contract resulting from this RFP shall become effective on the date indicated on the notice of intent to award and shall run for five (5) years from that date.

2.0 Preparing and Submitting a Proposal

2.1 General Instructions

The evaluation and selection of a Regional Team and the contract will be based on the information submitted in the proposal plus references and any required on-site visits (the need for which will be determined by the board or its representative) or oral presentations. Proposers should respond clearly and completely to all requirements. Failure to respond completely may be the basis for rejecting a proposal.

Elaborate proposals (e.g. expensive art work), beyond that sufficient to present a complete and effective proposal, are not necessary or desired.

2.2 Incurring Costs

The State of Wisconsin is not liable for any cost incurred by teams in replying to this RFP.

2.3 Submitting the Proposal

To be considered in the proposal evaluation process, six (6) copies of the proposal must be submitted to the SERB. All proposals must be packaged, sealed, and indicate the following information on the outside of the package:

- Proposer's name and address
- Request For Proposal title and number
- Proposal due date

The proposal package must be delivered to:

State Emergency Response Board

Attn: Diane Sachse, WIAR-F
3020 Wright Street
P.O. Box 8111
Madison, WI 53708-8111
608-241-6409

All proposals must be received by the SERB on or before 3:00 p.m. C.S.T., Tuesday, November 17, 1992. Teams mailing their proposals must allow sufficient time for delivery of their proposals by the time specified. Proposals which are not received on time will not be accepted.

2.4 Proposal Organization and Format

The proposal should be typed and submitted on 8.5 by 11 inch paper. Proposals should be organized and presented in the order and by the number assigned in the RFP.

2.5 Oral Presentations and Site Visits

At the discretion of the SERB, proposers may be required to make oral presentations to clarify and verify the written proposals. In addition, the SERB or its representative(s) may make a site visit. These presentations and/or visits will be held subsequent to the receipt of the proposal to provide an opportunity for the applicant to clarify the proposal. The SERB will schedule a time and location for each oral presentation it requests. Refusal to honor the request for oral presentation or site visit may result in the rejection of the proposal.

3.0 Proposal Selection and Award Process

3.1 Proposal Scoring

All proposals submitted and accepted will be reviewed by an evaluation committee and scored against the stated criteria. The committee may review references, request oral presentations, and conduct an on-site visit and use the results in scoring the proposals. The evaluation committee's scoring will be tabulated and proposals ranked on the numerical scores received. If the geographical location of any of the proposals is duplicated, the highest score will prevail for that region.

3.2 Right to Reject Proposals and Negotiate Contract Terms

The SERB reserves the right to reject any and all proposals and to negotiate the terms of the contract, including the award amount, with the selected proposer prior to entering into a contract. If contract negotiations cannot be concluded successfully with the highest scoring proposer, the SERB may negotiate a contract with the next highest scoring proposer.

8.0 Standard Contract Terms, Conditions and Requirements

8.1 Acceptance of Proposals Contents

The contents of the proposal, including any amendments or addenda, of the successful team will become contractual obligations if procurement action ensues, with the exception or addition of negotiated items.

8.2 Certification of Independent Cost Determination

By signing this proposal, the proposer certifies, and in the case of a joint proposal, each party thereto certifies as to its own organization, that in connection with this procurement:

8.2.1 The costs and information in this proposal have been arrived at independently, without consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such with any other proposer or with any competitor information;

8.2.2 Unless otherwise required by law, the costs and information which have been quoted in this proposal have not been knowingly disclosed by the proposer and will not knowingly be disclosed by the proposer prior to opening in the case of an advertised procurement or prior to award in the case of a negotiated procurement, directly or indirectly to any other respondent or to any competitor; and

8.2.3 No attempt has been made nor will be made by the proposer to induce any other person or firm to submit or not to submit a proposal for the purpose of restricting competition.

8.2.4 Each person signing this proposal certifies that:

He/She is the person in the proposer's organization responsible within that organization for the decision as to the prices being offered herein and that he/she has not participated, and will not participate, in any action contrary to above; or

He/She is not the person in the proposer's organization responsible within that organization for the decision as to the prices being offered herein, but that he/she has been authorized in writing to act as agent for the persons responsible for such decisions in certifying that such persons have not participated, and will not participate in any action contrary to 8.2.1 through 8.2.3 above, and as their agent does hereby so certify; and he has not participated, and will not participate, in any action contrary to above.

8.3 Disclosure of Independence and Relationship

Prior to award of any contract, an applicant regional team shall certify in writing to the procuring agency that no relationship exists between the applicant regional team and the procuring or contracting agency that interferes with fair competition or is a conflict of interest, and no relationship exists between the team and another person or organization that constitutes a conflict of interest with respect to a state contract. The Department of Administration may waive this provision, in writing, if those activities of the applicant regional team will not be adverse to the interest of the state.

Regional teams shall agree as part of the contract for services that during performance of the contract, they will neither provide contractual services nor enter into any agreement to provide services to a person or organization that is regulated or funded by the contracting agency or has interests that are adverse to the contracting agency. The Department of Administration may waive this provision, in writing, if those activities of the contractor will not be adverse to the interests of the State.

8.4 Dual Employment

Section 16.417, Wis. Stats., prohibits an individual who is a state employee or who is retained as a consultant full-time by a state agency from being retained as a consultant by the same or another agency where the individual receives more than \$5,000 as compensation. This prohibition applies only to individuals and does not include corporations or partnerships.

8.5 Employment

Regional teams will not engage the services of any person or persons now employed by the state, including any department, commission, or board thereof, to provide services relating to this agreement without the written consent of the employer of such person or persons and of the Department of Military Affairs and the SERB.

8.6 Liability

A member of a regional emergency response team who is acting under a contract, is an employee of the state for the purposes of workers compensation benefits under Section 166.215(4). Section 17, 895.483 Civil liability exemption: A regional emergency response team and a member of such team are immune from civil liability for acts or omissions related to carrying out responsibilities under a contract.

8.7 Conflict of Interest

Private and non-profit corporations are bound by ss. 180.355 and 181.225, Wis. Stats., regarding conflicts of interests by directors in the conduct of state contracts.

8.8 Recordkeeping and Record Retention

The regional team shall establish and maintain adequate records of all expenditures incurred under the contract. All records must be kept in accordance with generally accepted accounting principles, and consistent with federal, state and local ordinances. The SERB shall have the right to audit, review, examine, copy and transcribe any pertinent records or documents relating to any contract resulting from this RFP held by the contractor. The regional team shall retain all documents applicable to the contract for a period of not less than three (3) years after final payment is made.

8.9 Team Personnel Removal

In the event that an individual team member is alleged to have been negligent or unresponsive to the contractual requirements, the SERB may require the removal of this member from the team. Upon the receipt of the written notice of the required removal of the team member from the SERB, the team member shall be immediately removed from the team. A request by the SERB to dismiss an employe shall not constitute an order to discipline or discharge the employe. All actions taken by the team and/or fire department management in regard to employe discipline shall be at the sole discretion of the team and/or fire department management.

8.10 Hold Harmless

The SERB, the Division of Emergency Government, the Department of Military Affairs, and the State of Wisconsin shall be held harmless in any disputes the team and/or fire department may have with their employes. This shall include, but not limited to, charges of discrimination, harassment, and discharge without just cause.

8.11 Termination of Agreement

The SERB may terminate any contract resulting from this RFP at any time for cause by delivering 30 days written notice to the regional team. Upon termination, the SERB's liability will be limited to the pro rata cost of the services performed as of the date of termination plus expenses incurred with the prior written approval of the SERB. A regional team may terminate this agreement after the five (5) year contract period. Earlier contract termination may be granted by the SERB for extraordinary circumstances. In the event the regional team terminates this agreement for any reason whatsoever, it will refund to the SERB within 60 days of said termination all payments made hereunder by the SERB to the regional team for work not completed or not accepted by the SERB. Any termination, by the team, will require written notice to that effect to be delivered to the SERB not less than six (6) months prior to said termination.

STANDARD TERMS AND CONDITIONS
(REQUESTS FOR BIDS/PROPOSALS)

1. SPECIFICATIONS: The specifications in this request are the minimum acceptable. When specific manufacturer and model numbers are used, they are to establish a design, type of construction, quality, functional capability and/or performance level desired. When alternates are bid/proposed, they must be identified by manufacturer, stock number, and such other information necessary to establish equivalency. The State of Wisconsin shall be the sole judge of equivalency. Bidders/proposers are cautioned to avoid bidding alternates to the specifications which may result in rejection of their bid/proposal.
- 2.0 DEVIATIONS AND EXCEPTIONS: Deviations and exceptions from terms, conditions, or specification shall be described fully, on the bidder's/proposer's letterhead, signed, and attached to the request. In the absence of such statement, the bid/proposal shall be accepted as in strict compliance with all terms, conditions, and specifications and the bidder/proposer shall be held liable.
- 3.0 QUALITY: Unless otherwise indicated in the request, all material shall be first quality. Items which are used, demonstrators, obsolete, seconds, or which have been discontinued are unacceptable without prior written approval by the State of Wisconsin.
- 4.0 QUANTITIES: The quantities shown on this request are based on estimated needs. The state reserves the right to increase or decrease quantities to meet actual needs.
- 5.0 DELIVERY: Deliveries shall be F.O.B. destination unless otherwise specified.
- 6.0 PRICING AND DISCOUNT: The State of Wisconsin qualifies for governmental discounts and its educational institutions also qualify for educational discounts. Unit prices shall reflect these discounts.
- 6.1 Unit prices shown on the bid/proposal or contract shall be the price per unit of sale (e.g., gal., cs., doz., ea., etc.) as stated on the request or contract. For any given item, the quantity multiplied by the unit price shall establish the extended price. If an apparent mistake exists in the extended price, the unit price shall govern in the bid/proposal evaluation and contract administration.
- 6.2 Prices established in continuing agreements and term contracts may be lowered due to general market conditions, but prices shall not be subject to increase for ninety (90) calendar days from the date of award. Any increase proposed shall be submitted to the contracting agency thirty (30) calendar days before the proposed effective date of the price increase, and shall be limited to fully documented cost increases to the contractor which are demonstrated to be industrywide. The conditions under which price increases may be granted shall be expressed in bid/proposal documents and contracts or agreements.
- 6.3 In determination of award, discounts for early payment will only be considered when all other conditions are equal and when payment terms allow at least fifteen (15) days, providing the discount terms are deemed favorable. All payment terms must allow the option of net 30.
- 7.0 UNFAIR SALES ACT: Prices quoted to the State of Wisconsin are not governed by the Unfair Sales Act.
- 8.0 ACCEPTANCE-REJECTION: The State of Wisconsin reserves the right to accept or reject any or all bids/proposals, to waive any technicality in any bid/proposal submitted, and to accept any part of a bid/proposal as deemed to be in the best interests of the State of Wisconsin.
- Bids/proposals MUST be date and time stamped by the soliciting purchasing office on or before the date and time that the bid/proposal is due. Bids/proposals dated and time stamped in another office will be rejected. Receipt of a bid/proposal by the mail system does not constitute receipt of a bid/proposal by the purchasing office.
- 9.0 METHOD OF AWARD: Award shall be made to the lowest responsible, responsive bidder unless otherwise specified.
- 10.0 ORDERING: Purchase orders shall be placed directly to the contractor by an authorized agency. No other purchase orders are authorized.

- Invoices presented for payment must be submitted in accordance with instructions contained on the purchase order including reference to purchase order number and submittal to the correct address for processing.
- 12.0 TAXES: The State of Wisconsin and its agencies are exempt from payment of all federal tax and Wisconsin state and local taxes on its purchases except Wisconsin excise taxes as described below. The State of Wisconsin does not issue a tax exempt number for state agencies.
- The State of Wisconsin, including all its agencies, is required to pay the Wisconsin excise or occupation tax on its purchase of beer, liquor, wine, cigarettes, tobacco products, motor vehicle fuel, and general aviation fuel. However, it is exempt from payment of Wisconsin sales or use tax on its purchases. The State of Wisconsin may be subject to other states' taxes on its purchases in that state depending on the laws of that state. Contractors performing construction activities are required to pay state use tax on the cost of materials.
- 13.0 GUARANTEED DELIVERY: Failure of the contractor to adhere to delivery schedules as specified or to promptly replace rejected materials shall render the contractor liable for all costs in excess of the contract price when alternate procurement is necessary. Excess costs shall include the administrative costs.
- 14.0 ENTIRE AGREEMENT: These Standard Terms and Conditions shall apply to any contract or order awarded as a result of this request except where special requirements are stated elsewhere in the request; in such cases, the special requirements shall apply. Further, the written contract and/or order with referenced parts and attachments shall constitute the entire agreement and no other terms and conditions in any document, acceptance, or acknowledgement shall be effective or binding unless expressly agreed to in writing by the contracting authority.
- 15.0 APPLICABLE LAW: The resulting contract shall be governed under the laws of the State of Wisconsin. The contractor shall at all times comply with and observe all federal and state laws, local laws, ordinances, and regulations which are in effect during the period of this contract and which in any manner affect the work or its conduct.
- 16.0 ANTITRUST ASSIGNMENT: The contractor and the State of Wisconsin recognize that in actual economic practice, overcharges resulting from antitrust violations are in fact usually borne by the State of Wisconsin (purchaser). Therefore, contractor hereby assigns to the State of Wisconsin any and all claims for such overcharges as to goods, materials or services purchased in connection with this contract.

17.0 ASSIGNMENT: No right or duty in whole or in part of the contractor under this contract may be assigned or delegated without the prior written consent of the State of Wisconsin.

18.0 ARBITRATION: Disputes should be addressed to the agency purchasing/printing office. Any dispute arising as to quality and quantity shall be subject to arbitration as provided in Chapter 788 of Wisconsin Statutes. A good faith dispute creates an exception to prompt payment.

19.0 NONDISCRIMINATION/AFFIRMATIVE ACTION: In connection with the performance of work under this contract, the contractor agrees not to discriminate against any employee or applicant for employment because of age, race, religion, color, handicap, sex, physical condition, developmental disability as defined in s. 51.01(5), Wis. Stats., sexual orientation or national origin. This provision shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; lay-off or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Except with respect to sexual orientation, the contractor further agrees to take affirmative action to ensure equal employment opportunities.

19.1 Contracts estimated to be ten thousand dollars (\$10,000) or more require the contractor to submit a written affirmative action plan acceptable under Wisconsin Statutes and Administrative Code. The contractor must submit the plan to the contracting state agency for approval within fifteen (15) working days after the contract is awarded. An exemption occurs from this requirement if the contractor has a workforce of less than ten (10) employees. Instructions on preparing the plan and technical assistance regarding this clause are available from the contracting state agency.

19.2 The contractor agrees to post in conspicuous places, available for employees and applicants for employment, a notice to be provided by the contracting state agency that sets forth the provisions of the State of Wisconsin nondiscrimination clause.

19.3 Failure to comply with the conditions of this clause may result in the contractor's becoming declared an "ineligible" contractor, termination of the contract, or withholding of payment.

20.0 PATENT INFRINGEMENT: The contractor selling to the State of Wisconsin the articles described herein guarantees the articles were manufactured or produced in accordance with applicable federal labor laws. Further, that the sale or use of the articles described herein will not infringe any United States patent. The contractor covenants that it will at its own expense defend every suit which shall be brought against the State of Wisconsin (provided that such contractor is promptly notified of such suit, and all papers therein are delivered to it) for any alleged infringement of any patent by reason of the sale or use of such articles, and agrees that it will pay all costs, damages, and profits recoverable in any such suit.

21.0 SAFETY REQUIREMENTS: All materials, equipment, and supplies provided to the State of Wisconsin must comply fully with all safety requirements as set forth by the Wisconsin Administrative Code, Rules of the Industrial Commission on Safety, and all applicable OSHA Standards.

22.0 WARRANTY: Unless otherwise specifically stated by the bidder/proposer, equipment purchased as a result of this request shall be warranted against defects by the bidder/proposer for ninety (90) days from date of receipt. The equipment manufacturer's standard warranty shall apply as a minimum and must be honored by the contractor.

The insurance certificate is required to be presented prior to the issuance of the purchase order or before commencement of the contract.

24.0 CANCELLATION: The State of Wisconsin reserves the right to cancel any contract in whole or in part without penalty due to nonappropriation of funds or for failure of the contractor to comply with the terms, conditions, and specifications of this contract.

25.0 VENDOR TAX DELINQUENCY: Vendors who have a delinquent Wisconsin tax liability may have their payments offset by the State of Wisconsin.

26.0 PUBLIC RECORDS ACCESS: It is the intention of the state to maintain an open and public process in the solicitation, submission, review, and approval of procurement activities.

Re: Regional Hazardous Materials Emergency Response Team Contract

Dear Chief Gardner:

As the Administrator of Wisconsin Emergency Management (WEM), it is my pleasure to designate the City of Milwaukee Fire Department as a regional hazardous materials response team under §166.215(1) Wis. Stats. for the period of July 1, 2000 to June 30, 2002. It is my intention to negotiate a two-year contract to allow for evaluation of the regional response team program with the inclusion of the LaCrosse team as well as to analyze further efficiencies and economies of scale. I do not foresee any substantive or material changes to the existing contract language.

Please consider this a formal request for a cost proposal for the two-year contract with WEM. I would like to have this cost proposal sent to me on or before February 1, 2000. The parameters for associated contract costs will focus on maintaining and enhancing the emergency preparedness of the regional response teams. The types of costs that will be considered for the contract include, but are not limited to, training costs, annual physicals for team members, vehicle maintenance, outreach costs, essential supplies and supplemental equipment that will augment the team's existing hazmat capabilities. Generally, major capital equipment purchases for hazmat vehicles will not be considered in this two-year contract. Lastly, it is my expectation that the regional response team contracts will stay within the \$1.4 million per year appropriated under §20.465 (3)(dd), Stats.

As you may be aware, WEM is currently in the process of developing state strategic planning for terrorism. It is my expectation that the regional response teams will be assisting with emergency response to terrorism and weapons of mass destruction events at the local level. You have my assurance that I will keep you informed and will invite your participation in WEM's terrorism strategy as it develops. I also strongly encourage you to work with the counties in your primary response area to develop local terrorism plans that are augmented by your response team capabilities.

I look forward to working with the regional teams during this contract negotiation period. I also welcome your thoughts and ideas on regional and local response issues. If you have any questions or concerns, please contact me at (608) 242-3232.

Sincerely,

A handwritten signature in black ink, appearing to read "E. J. Gleason".
